

## **Addendum No. 5**

**J C Roe Center  
Murrayville Elementary School  
Walter Parsley Elementary School  
Modular Classrooms**

**January 22, 2018**

### **Attachments:**

None.

### **Additions and Clarifications:**

1. During the Pre-Bid Meeting at Murrayville Elementary School we discussed the relocation of the existing shelter. At this time the school system is reviewing possible locations for this shelter on the site. Due to large number of sub-surface utilities present, the location may not be available until after the Bid Date (January 29, 2018). Therefore, we are providing the contact information for the company that has been used in the past to relocate these shelters. They are familiar with the foundation requirements and can provide pricing for the relocation on-site.
